RESPONSE TO RESTRICTION REQUIREMENT

Sir:

In response to the Restriction Requirement dated June 12, 2008, Applicants elect Group I, claims 1-13, 22, 23, and 29-31, with traverse.

It is noted that the Office Action asserts that Group I and II lack a common technical feature in that the limitation of claim 14 of Group II is not required for Group I. This limitation is to a non-terminal repeat that is not a minimal repeat. However, it is pointed out that claim 9 of Group I recites this limitation. Thus, this limitation should be searched when examining Group I, so it should be no undue burden on the Office to examine Group II.

It is noted that the Group III claims, claims 24-28, are dependent on Claim 1, and will be allowable if claim 1 is allowable. Therefore, the Group III claims should be examined with Group I. In the event rejoinder is denied at this time, it is requested that upon allowance of claim 1, that the Group III claims be rejoined and allowed.

It is believed that this submission does not require the payment of a fee. If this is not correct, please charge any required fee for this submission or for any extension of time required to deposit account no. 07-1969.

Respectfully submitted,
